

**2020-2021**

**Data File Format  
for Student Registration**

# Submission Schedule of Student Data Files for the 2020–2021 School Year

---

Refer to the Calendar of Events for submission window deadlines for the 2020–2021 student registration data files.

# Key Changes to the Data File Format for Student Registration

---

The following changes have been made to the Data File Format for Student Registration for 2020–2021.

## **Changes to STAAR Grades 3–8, STAAR EOC, STAAR Alternate 2, Interim Grades 3–8, and Interim EOC**

- LEP Indicator Code now accepts value 5. This value is to be used if a student has previously been identified as LEP/EL, has met reclassification criteria, and has completed four years of monitoring. The student continues with this status through the remainder of his or her school years in Texas.

## **Changes to STAAR Grades 3–8**

- For online testing, the *Test Version Code – Writing* field (Column BI) has been updated to include Speech-to-Text (S) for students testing online.

## **Changes to STAAR EOC**

- For online testing, the *Test Version Code – EOC* field (column AW) has been updated to include Speech-to-Text (S) for students testing online.

# Student Data File Specifications

---

## Submitting Student Data

Student data should be submitted as a CSV file. The most common reason for a failure to process is that the file was not created as a CSV file. Excel spreadsheets are not accepted, and simply renaming an Excel spreadsheet to CSV will not work. See below for instructions on creating CSV files.

**NOTE:** Fields that are not applicable for a program must be left blank.

Starting on page 41, an addendum is available, listing all fields in CSV column order. The addendum may be used to quickly determine which fields are available on the data file for each testing program. Refer to the Student Data File Format section for required fields.

## Creating CSV Data Files

PEIMS Data Element ID numbers and codes that correspond to columns are listed on the following pages. All fields are alphanumeric. Data that are missing or not applicable are represented by blank columns.

An Excel template, *2020–2021 Student Upload Registration-Precoding Header Template*, is available for use at <https://texasassessment.gov/staar/administrators/technology/>.

When your file is complete, save the file to your desktop or to a file directory. When saving, choose to save as a “CSV (Comma delimited) (\*.csv)” file type.

**NOTE:** Depending on your software, you might have several CSV file types from which to choose. PC users can select any CSV file type; however, Mac users must select the “CSV (Windows)” file type to avoid errors in their file submission.

See the instructions below for prompts you may see when saving your file as a CSV:

- If you are prompted with a message about multiple sheets, click OK.
- If you are prompted with a message about the format of your file, click Yes.

## General Student Registration Procedures

For help with creating a data file, registering students, and resolving error records, go to <https://texasassessment.gov/staar/administrators/technology/>.

For questions about STAAR grades 3–8, STAAR EOC, and Interim assessments, contact the Texas Assessment Support Center:

By phone: 1-855-333-7770

By email: [STAAR3-8@ets.org](mailto:STAAR3-8@ets.org) or [STAAREOC@ets.org](mailto:STAAREOC@ets.org)

For questions about STAAR Alternate 2, TELPAS, and TELPAS Alternate, contact the Customer Service Center:

By phone: 800-627-0225

Refer to the administration procedures below to create a student data file upload to register students or update currently registered students for a specific administration.

# STAAR Alternate 2

---

Use the information below to validate STAAR Alternate 2 student data files prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include only grades 3–12.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle-Initial not required
  - PEIMS-ID
  - Date-of-Birth
3. TX-UNIQUE-STUDENT-ID (column BB) is not required.
4. Sex-Code is required for new students only.
5. The End-of-Course Code (Course Code) field is required for all students in grades 9–12.
6. The TEST VERSION CODE fields (AW, BD-BG, and BI) must be completed if a Large Print test booklet is needed for the student. X = Large Print test booklet needed.
7. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code
  - Bilingual-Program-Type-Code

- ESL-Program-Type-Code
  - Special-Ed-Indicator-Code
  - Gifted-Talented-Indicator-Code
  - At-Risk-Indicator-Code
  - Career-And-Technical-Ed-Indicator-Code
8. If students are enrolled in more than one course with a corresponding EOC test, they will need to have multiple records on the data file. List each student for each assessment for which he or she is to be registered.
  9. Test Code is not required. It will be populated if you request a student registration export file.
  10. The Group Name field is needed to load student records into selected groups of your choice. If this field is left blank, all students will have a generic group name of "NO GROUP NAME GIVEN," and students will be grouped by campus. It is advised to provide the Group Name field on your files so students will be grouped by more than just the campus level.
  11. Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

# TELPAS

---

Use the information below to validate TELPAS student data files prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include grades K-12.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle-Initial not required
  - PEIMS-ID
  - Date-of-Birth
  - TELPAS Code
3. TX-UNIQUE-STUDENT-ID (column BB) is not required.
4. Sex-Code is required for new students only.
5. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code
  - Bilingual-Program-Type-Code
  - ESL-Program-Type-Code

- Special-Ed-Indicator-Code
  - Gifted-Talented-Indicator-Code
  - At-Risk-Indicator-Code
  - Career-And-Technical-Ed-Indicator-Cd
6. The Group Name field is needed to load student records into selected groups of your choice. If this field is left blank, all students will have a generic group name of “NO GROUP NAME GIVEN,” and students will be grouped by campus. It is advised to provide the Group Name field on your files so students will be grouped by more than just the campus level.
  7. Years in U.S. Schools cannot be pulled from PEIMS submissions. It can only be preloaded through your Student Data File submission. If left blank, the district will need to update each student record to supply this information in the Assessment Management System. **NOTE:** This field is needed for determining eligibility for progress measures and accountability purposes and should be populated for each student.
  8. The TELPAS Code is a required field and must be populated for each record. Verify that the appropriate TELPAS Code has been entered on each student record.
  9. The Unschooled Asylee/Refugee and Students with Interrupted Formal Education (SIFE) Codes can be populated on your data file if you want them preloaded. If any of these fields are left blank, the system will default that field to N for No.
  10. Test Code is not required. It will be populated if you request a student registration export file.
  11. TELPAS Session Name is an optional field. If it is populated, this field will be used to create and place student test assignments into sessions. The session names will be the value in this field with the test code appended. **Districts should not rely on this internal test code for identifying their test sessions—it is an internal test code only.**

The table below shows what internal test code will be appended to the district-created session name based on the TELPAS Code entered in the Student Data File, when the student is listed only once (single line).

<b>If TELPAS Code is set to:</b>	<b>And Session Name field is set to:</b>	<b>Student will be placed into the following session:</b>	<b>For the following test:</b>
<b>A</b>  (grades 2-12)	GRADE 4	"GRADE 4 - P04BA"	Listening & Speaking
		"GRADE 4 - P04BA"	Reading
		"GRADE 4 - P04BA"	Writing
(grades K-1)	GRADE K	"GRADE K - P0KHR"	All Holistic Ratings
<b>O</b>	GRADE 4	"GRADE 4 - P04LS"	Listening & Speaking
		"GRADE 4 - P04RE"	Reading
<b>H</b>	GRADE 4	"GRADE 4 - P04WR"	Writing

Test sessions created using TELPAS Code "A" will always be appended with test code "BA." To create a test session with appended test code "LS," "RE," or "WR," the student will need to be listed twice (once with TELPAS Code "O" and once with TELPAS Code "H").

If the TELPAS Session Name field is left blank, the student test will not be put into a session. If the field is populated and at the time of the import it is determined that the session should not be auto created, you may select "Don't Auto Create Test Sessions" when performing the student registration import, and the session field will be ignored.

- Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

# TELPAS Alternate

---

Use the information below to validate TELPAS Alternate student data files prior to uploading to the Assessment Management System.

1. Grade levels for this administration should include grades 2-12.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle-Initial not required
  - PEIMS-ID
  - Date-of-Birth
3. TX-UNIQUE-STUDENT-ID column BB) is not required.
4. Sex-Code is required for new students only.
5. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code

# STAAR Grades 3–8

---

Use the information below to validate STAAR grades 3–8 student data files prior to uploading to the Assessment Management System.

1. Grade levels should include grades 3–8 that will be testing in the April and May 2021 STAAR test administrations.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle-Initial not required
  - PEIMS-ID
  - Date-of-Birth
  - Sex-Code
3. TX-UNIQUE-STUDENT-ID (column BB) is not required.
4. Test Assessment Type (column BA) - **NOTE:** MUST LEAVE BLANK FOR SUMMATIVE ASSESSMENTS AND ENTER AN "I" FOR INTERIM ASSESSMENTS.
5. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code
  - Bilingual-Program-Type-Code
  - ESL-Program-Type-Code

- Special-Ed-Indicator-Code
  - Gifted-Talented-Indicator-Code
  - At-Risk-Indicator-Code
  - Career-And-Technical-Ed-Indicator-Cd
6. The Group Name field is used if you chose a sort order other than by campus/grade/student alpha order to receive your precode materials.
- a. If you provide a Group Name for the student, your precode materials will be sorted by campus/grade/Group Name/student.
  - b. Any student without a Group Name will be given the default group "NO GROUP NAME GIVEN."
  - c. If you want to have your precode materials sorted by just campus/grade/student alpha order, leave the Group Name field blank.
  - d. To replace an unwanted Group Name, replace the Group Name with the phrase "NO GROUP NAME GIVEN."
  - e. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

**NOTE:** The Group Name will also be used as the default online test group name if no online test group name is provided for a subject. This field should only be used to organize test takers into groups; otherwise the field should be left blank or replaced with "NO GROUP NAME GIVEN."

7. The TEST FORMAT - READING, TEST FORMAT - MATHEMATICS, TEST FORMAT - SCIENCE, TEST FORMAT - SOCIAL STUDIES, and TEST FORMAT - WRITING fields (columns AJ–AN) should be used to indicate if a student is testing online (O) or on paper (P). If no format is indicated, and there are no PNP settings, the system will default testers to paper. If no format is indicated and the student has PNP settings for the specified subject, the system will default to online testing.
8. The Test Version Code - Reading, Test Version Code - Mathematics, Test Version Code - Science, Test Version Code - Social Studies, and Test Version Code - Writing fields (columns BD–BI) will be used to indicate the following for STAAR grades 3–8:

PNP accommodation codes:

B = Refreshable Braille Device and Screen Reader (delivered for reading, writing, and social studies only; available for tests delivered in English only)

E = Spelling Assistance (delivered for grades 4 and 7 writing only)

M = Basic Calculator (delivered for mathematics and science in grades 3–7 only)

R = Content and Language Supports

T = Text-to-Speech (includes click word)

V = ASL Signed Videos (available for tests delivered in English only)

S = Speech-to-Text (available for grades 4 and 7 writing only)

Designated Supports and Accommodations:

D = Designated Supports for a student testing online

X = Large Print accommodation for a student testing on paper

Y = Oral Admin accommodation for a student testing on paper

**NOTES:**

- Not all accommodations may be available for all tests.
- Accommodation codes can be entered in the Test Version Code field(s) in any order, with no punctuation. Each Test Version Code field may contain multiple accommodation codes; for example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports.
- A value of E (Spelling Assistance) should be entered for grades 4 or 7 writing only; this accommodation is not available for any other grades 3–8 assessments.
- A value of M (Basic Calculator) should be entered for mathematics or science in grades 3–7 only; this accommodation is not available for other grade 3–8 assessments.
- To modify Test Version Code field(s), enter all the codes for the student. The previous codes will be replaced by the new set.
- To register students for online testing with no accommodations, leave the subject-specific Test Version Code field blank, and enter O in the subject-specific Test Format field.
- To register students for paper testing in Spanish with a paper accommodation, enter the accommodation value (X for Large Print or Y for Oral Admin) in the subject-specific Test Version Code field, and enter S (Spanish) in the subject-specific Test Language field.
- To register students for paper testing in English with a paper accommodation, enter the accommodation value (X for Large Print or Y for Oral Admin) in the subject-specific Test Version Code field, and enter E (English) in the subject-specific Test Language field—or leave it blank.
- A value of B (Refreshable Braille Device and Screen Reader) cannot be combined with E, M, R, T, or V. It can only be used alone or in combination with D (Designated Supports) for tests delivered in English.
- A value of X (Large Print) or Y (Oral Admin) can only be used for paper tests. They cannot be combined with any online PNP or designated support codes. Users must still bubble this on the answer document.
- A value of S (Speech-to-Text) should be entered for grades 4 or 7 writing only; this accommodation is not available for any other grades 3–8 assessments. Speech-to-Text (value S) can be combined with:
  - B = Refreshable Braille Device and Screen Reader
  - V = ASL Signed Videos (available for tests delivered in English only)
  - E = Spelling Assistance (delivered for grades 4 and 7 writing only)

- R = Content and Language Supports
  - T = Text-to-Speech (includes click word)
  - D = Designated Supports for a student testing online
9. The Above-Grade Code field is used if a student is testing above grade level for a specific subject. If a student is indicated as needing an above grade level assessment, you will receive both the enrolled grade answer document and the above grade answer document in your precode materials.

**NOTE 1:** Students testing above grade level must be registered for each administration in which they will test. For example, a seventh-grade student taking grade 8 mathematics should be registered separately in each of the following administrations:

- April 2021 Grade 7 Writing
- April 2021 Grade 8 Mathematics (above grade level)
- May 2021 Grade 7 Reading

**NOTE 2:** If the on-grade registration is in Spanish or has PNP values that are not supported in the above-grade test, the above-grade test is created in English with no PNP.

10. Column BH, Home County/District/Campus Code (Reporting CDC), should only be provided if the student is testing at a different campus from the campus of enrollment.

**NOTE:** If column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.

11. For each subject being delivered as an online test, districts can specify an Online Test Group Name.
- a. All students in the group will be listed in the same Online Test Group.
  - b. If no Online Test Group is specified for a subject, the Group Name in column E will be used.
  - c. If Group Name is not provided, then the default group "NO GROUP NAME GIVEN" will be used for the online test group name.
  - d. To replace an unwanted Group Name, replace the Group Name with the phrase "NO GROUP NAME GIVEN."
  - e. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

**NOTE:** Online test group names entered for tests that are not delivered online will be ignored.

12. Action-Indicator will be used for STAAR grades 3–8 registrations.

**NOTE:** Registrations for paper testing uploaded during the precode window for an administration will generate precoded answer documents and cannot be deleted after the precode deadline.

Additions and updates made after the precode deadline will not impact the precoded answer documents districts will receive. Unused precoded answer documents must be voided.

13. To register a grades 5–8 student for an EOC test, use the STAAR EOC student data file for the EOC test(s) and use the grades 3–8 data file for the required grades 3–8 tests. Unused precoded answer documents for grades 3–8 must be voided.
14. If a retester file (e.g., the District Student Home Campus Report or District Student Test Campus Report) is downloaded from the STAAR Assessment Management System, the Retester Indicator-MA and Retester Indicator-RE fields (columns BO and BP) will be auto-populated with a P for any student that has previously achieved Approaches Grade Level performance for one of the subjects (mathematics or reading) but needs to test the other subject during a retest administration (May or June).

**NOTES:**

- These indicator columns are for informational purposes only; districts cannot create registrations or update these indicators by uploading values in these columns.
  - A blank in either column indicates the student has not yet achieved Approaches Grade Level performance for that subject and is registered for the subject area test. Blanks in both columns indicate the student is registered for both subject area tests.
  - To retain this registration for a student who is new to a district or campus and has previously achieved Approaches Grade Level performance in one of the subjects, use the Action Indicator (column AS) to transfer the student to the proper district and/or campus, rather than creating a new registration.
15. Columns BQ–BT (Test Language) should be used to indicate if students testing in grades 3–5 will test in English (E) or Spanish (S). When left blank, this field will default to English.
  16. Columns BW–CA are optional and may be used to indicate the TX-Unique-Staff-ID for a student’s subject-specific lead teacher(s).

# STAAR End-of-Course (EOC)

---

Use the information below to validate STAAR EOC student data files prior to uploading to the Assessment Management System.

1. Grade levels for the April, May, June, and December administrations should include grades 5–12 only.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle-Initial not required
  - PEIMS-ID
  - Date-of-Birth
  - End-of-Course Code (Course Code)
  - Sex-Code
3. TX-UNIQUE-STUDENT-ID (column BB) is not required.
4. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code
  - Bilingual-Program-Type-Code
  - ESL-Program-Type-Code

- Special-Ed-Indicator-Code
  - Gifted-Talented-Indicator-Code
  - At-Risk-Indicator-Code
  - Career-And-Technical-Ed-Indicator-Cd
5. The Group Name field is used if you chose a sort order other than by campus/subject/student alpha order to receive your paper testing precode materials.
- a. If you provide a Group Name for the student, your precode materials will be sorted by campus/subject/Group Name/student.
  - b. Any student without a Group Name will be given the default group "NO GROUP NAME GIVEN."
  - c. If you want to have your precode materials sorted by just campus/subject/student alpha order, leave the Group Name field blank.
  - d. To replace an unwanted Group Name, replace the Group Name with the phrase "NO GROUP NAME GIVEN."
  - e. Blanks in the Group Name field will not overwrite existing data in the Group Name field.

**NOTE 1:** This field should only be used to organize test takers into groups; otherwise the field should be left blank or contain the phrase "NO GROUP NAME GIVEN."

**NOTE 2:** The Group Name field will also be used to name and populate online testing groups.

6. Test Assessment Type (column BA) - **NOTE:** MUST LEAVE BLANK FOR SUMMATIVE ASSESSMENTS AND ENTER AN "I" FOR INTERIM ASSESSMENTS.
7. The Test Version Code - EOC will be used to indicate the following for STAAR EOC:

PNP accommodation codes for testing online:

B = Refreshable Braille Device and Screen Reader (delivered online for English I, English II, and U.S. History only)

E = Spelling Assistance (available for English I, English II, and English III only)

R = Content and Language Supports (not available for Algebra II or English III)

T = Text-to-Speech (includes click word)

V = ASL Signed Videos (not available for Algebra II or English III)

S = Speech-to-Text (available for English I, English II, and English III only)

Designated Supports and Accommodations:

D = Designated Supports for a student testing online

X = Large Print accommodation for a student testing on paper.

Y = Oral Admin accommodation for a student testing on paper.

**NOTES:**

- Not all accommodations may be available for all tests.

- Accommodation codes can be entered in the Test Version Code field in any order, with no punctuation. Each Test Version Code field may contain multiple accommodations codes. For example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports. The test will be delivered online.
- A value of B (Refreshable Braille Device and Screen Reader) should only be entered for English I, English II, or U.S. History; this accommodation is not available for other EOC assessments.
- A value of E (Spelling Assistance) should only be entered for English I, English II, or English III; this accommodation is not available for any other EOC assessments.
- The Refreshable Braille Device and Screen Reader (B) and ASL Signed Videos (V) accommodations became available beginning with the spring 2019 administrations.
- To modify the STAAR EOC Test Version Code, enter all the codes for the student. The previous codes will be replaced by the new set.
- To register students for online testing with no accommodations, leave the EOC Test Version Code blank, and enter O in the Test Format - EOC field.
- To register students for paper testing in English with a paper accommodation, enter the accommodation value (X for Large Print or Y for Oral Admin) in the subject-specific Test Version Code field, and enter E (English) in the subject-specific Test Language field—or leave it blank.
- A value of S (Speech-to-Text) should only be entered for English I, English II, or English III; this accommodation is not available for any other EOC assessments. Speech-to-Text (value S) can be combined with:
  - B = Refreshable Braille Device and Screen Reader (available for English I and English II only)
  - V = ASL Signed Videos (available for English I and English II only)
  - E = Spelling Assistance
  - R = Content and Language Supports (available for English I and English II only)
  - T = Text-to-Speech (includes click word)
  - D = Designated Supports for a student testing online

**ADDITIONAL NOTE 1:** A value of B (Refreshable Braille Device and Screen Reader) cannot be combined with E, T, R, or V; it can only be used alone or in combination with D (Designated Supports).

**ADDITIONAL NOTE 2:** A value of X (Large Print) or Y (Oral Admin) cannot be used with tests delivered online.

8. If students are enrolled in more than one course with a corresponding EOC test, they will need to have multiple records on the data file. List each student for each assessment for which he or she is to be registered.
9. Home County/District/Campus Code (Reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

**NOTE:** if column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.

10. Action-Indicator will be used for STAAR EOC registrations.

**NOTE:** Registrations for paper testing uploaded during the precode window for an administration will generate precoded answer documents and cannot be deleted after the precode deadline. Additions and updates made after the precode deadline will not impact the precoded answer documents districts will receive. Unused precoded answer documents must be voided.

11. Column CB is optional and may be used to indicate the TX-Unique-Staff-ID number for a student's subject-specific lead teacher.

# Interim Grades 3–8

---

Use the information below to validate Interim grades 3–8 student data files prior to uploading to the STAAR Assessment Management System.

1. Grade levels should include grades 3–8 that will be testing in the 2020-2021 Interim test administrations.
2. The following fields are required on the student data file:
  - Grade
  - Campus-ID-of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle initial not required
  - PEIMS-ID
  - Date-of-Birth
  - Sex-Code
3. TX-UNIQUE-STUDENT-ID (Column BB) is not required.
4. Test Assessment Type (column BA) - **NOTE:** MUST ENTER AN "I" FOR INTERIM ASSESSMENTS AND LEAVE BLANK FOR SUMMATIVE ASSESSMENTS.
5. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory.
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code
  - Bilingual-Program-Type-Code

- ESL-Program-Type-Code
- Special-Ed-Indicator-Code
- Gifted-Talented-Indicator-Code
- At-Risk-Indicator-Code
- Career-And-Technical-Ed-Indicator-Code

6. Any student without a Group Name will be given the default group “NO GROUP NAME GIVEN.”

The Group Name will also be used as the default online test group name if no online test group name is provided for a subject. This field should only be used to organize test takers into groups; otherwise the field should be left blank.

7. The TEST VERSION CODE – READING, TEST VERSION CODE – MATHEMATICS, TEST VERSION CODE – SCIENCE, and TEST VERSION CODE – SOCIAL STUDIES fields will be used to register a student for the online administration using PNP accommodation codes or designated supports.

The following accommodation codes are available for grades 3-8 Interim assessments:

- B = Refreshable Braille
- M = Calculator
- R = Content and Language Supports
- T = Text-to-Speech (includes click word)

**NOTES:**

- Not all accommodations may be available for all tests.
  - Each field may contain up to 3 of the PNP codes, in any order, with no punctuation. For example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports.
  - To modify an existing registration, enter all the accommodations to be given to the student. The old accommodations will be replaced by the new set.
  - Refreshable Braille (B) cannot be used in combination with any other PNP.
8. Column BH, Home County/District/Campus Code (reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.
- NOTE:** if column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.
9. For each subject being delivered as an online test, districts can specify an Online Test Group Name. All students in the group will be listed in the same online test group. If no online test group is specified for a subject, the Group Name in column E will be used. If Group Name is not provided, then the default group “NO GROUP NAME GIVEN” will be used for the online test group name.

10. The Interim Test Off Grade fields will be used to register a student for one or more off grade tests.

For READING and MATHEMATICS, enter up to 5 of the grades (3, 4, 5, 6, 7, 8), in any order, with no punctuation, not including the student's enrolled grade. For example, 38 in this column is for a student in grade 5 and will create registrations in grade 3 and grade 8 for reading or mathematics as indicated.

For SCIENCE, enter up to 2 of the grades (5, 8), in any order, with no punctuation. For SOCIAL STUDIES, enter grade 8 to indicate a student other than an 8<sup>th</sup> grader should be allowed to test in grade 8 Social Studies.

# Interim End-of-Course

---

Use the information below to validate Interim EOC student data files prior to uploading to the Assessment Management System.

1. The following fields are required on the student data file:
  - Grade
  - Campus-ID of-Enrollment (County/District/Campus Number)
  - District-Name
  - Campus-Name
  - Student Name fields (Last-Name, First-Name)  
**NOTE:** Middle initial not required
  - PEIMS-ID
  - Date-of-Birth
  - End-of-Course Code (Course Code)
  - Test Format (online testing mode, for students with PNP accommodations, enter O in the Test Format field)
  - Sex-Code
2. TX-UNIQUE-STUDENT-ID (column BB) is not required.
3. Test Assessment Type (column BA) - **NOTE:** MUST ENTER AN "I" FOR INTERIM ASSESSMENTS AND LEAVE BLANK FOR SUMMATIVE ASSESSMENTS.
4. For the following fields, if left blank, the system will try to match the student in the Student Directory. If a match is found, it will populate these fields with information in the Student Directory:
  - Hispanic-Latino-Code
  - American-Indian-Alaska-Native-Code
  - Asian-Code
  - Black-African-American-Code
  - Native-Hawaiian-Pacific-Islander-Code
  - White-Code
  - Economic-Disadvantage-Code
  - Title-I-Part-A-Indicator-Code
  - Migrant-Indicator-Code
  - LEP-Indicator-Code

- Bilingual-Program-Type-Code
- ESL-Program-Type-Code
- Special-Ed-Indicator-Code
- Gifted-Talented-Indicator-Code
- At-Risk-Indicator-Code
- Career-And-Technical-Ed-Indicator-Code

5. Any student without a Group Name will be given the default group “NO GROUP NAME GIVEN.”

**NOTES:**

This field should only be used to organize test takers into groups; otherwise the field should be left blank.

The Group Name field will also be used to name and populate online testing groups.

6. The Test Version Code – EOC will be used to register a student for the online administration using PNP accommodation codes or designated supports.

The following testing accommodation codes are available for STAAR EOC:

B = Refreshable Braille

R = Content and Language Supports

T = Text-to-Speech (includes click word)

**NOTES:**

- Not all accommodations may be available for all tests.
  - Each field may contain up to 2 of the R and T codes, in any order, with no punctuation. For example, TR in this column is for a student who requires Text-to-Speech and Content and Language Supports.
  - To modify an existing registration, enter all the accommodations to be given to the student. The old accommodations will be replaced by the new set.
  - Refreshable Braille (B) cannot be used in combination with any other PNP.
7. If students are enrolled in more than one course with a corresponding EOC test, they will need to have multiple records on the data file. List each student for each assessment for which they are to be registered.
8. Home County/District/Campus Code (reporting CDC) should only be provided if the student is testing at a different campus from the campus of enrollment.

**NOTE:** if column B (Campus-ID-of-Enrollment) and column BH (Home County/District/Campus Code) are different, the system will default the student to testing at the campus in column B and reporting to the campus in column BH.
