

[SUBJECT: September 8, 2020, Upcoming TELPAS Activities]

ACTION REQUIRED

To the District and ESC Testing Coordinator Addressed:

This communication is to inform you of the following upcoming activities for the 2021 Texas English Language Proficiency Assessment System (TELPAS) administrations.

UPDATED TESTNAV APPLICATION FOR IOS

Pearson released a new version of the TestNav App for iOS to fix an issue that prevented students' backup response files and logs from being retrieved. Pearson strongly recommends that districts planning to use iPads for the spring 2021 TELPAS administration install the latest version of TestNav for iOS prior to testing. If you have previously installed TestNav for iOS, you can download and reinstall TestNav from the Apple App Store. If you have not yet installed TestNav for iOS, you can access instructions on the [Set Up TestNav on iOS](#) webpage.

For questions and assistance regarding the information in this communication, contact the Customer Service Center using the [live chat feature](#), the [Pearson Customer Support Form](#), or by calling 800-627-0225.
